THE STAR-SPANGLED BANNER

*Oh! say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars, through the perilous night,
O'er the ramparts we watched, were so gallantly streaming.
And the rockets' red glare, the bombs bursting in air
Gave proof through the night that our flag was still there.
Oh! say, does that star-spangled banner yet wave,
O'er the land of the free, and the home of the brave?*

DEDICATION

Throughout all the world today, there is a summons going forth—going forth to men of good will in all lands, of all faiths, in every sort of position. Can you hear it?

There it sounds, now faint, now a shout. Look around you; others are hearing it, too. That Chinese sniper, watching the Japanese advancing cautiously upon his post, knowing that for him the game is up, is hearing it; that sailor, perhaps British, perhaps American, pacing the mist-drenched bridge of a lonely tramp steamer, watching for that telltale streak of white upon the sea's placid surface which will spell destruction for himself and his ship—he's hearing it; that Russian soldier lying in the slop of Ukrainian mud is hearing it. Listen again, perhaps you can hear what it says. It speaks of valor, of heroism known and unknown; it speaks of joy, of love and laughter; it speaks of tears, of bitter, heart-rending sorrow. Yet even these are minor notes in the tremendous whole. Above all things, it speaks of the future, of a new world, of a world where universal man can enjoy the basic rights which humankind has learned to cherish down the ages, a world where "life, liberty, and the pursuit of happiness" will truly have a meaning, not only to some men, but to all men, the world over.

To the men who have heard and are answering the summons, and to that new world of which they dream, in which they believe, and for which they are living, fighting, and dying—we humbly and gratefully dedicate this book.

CALL TO COLORS

CLASS SONG

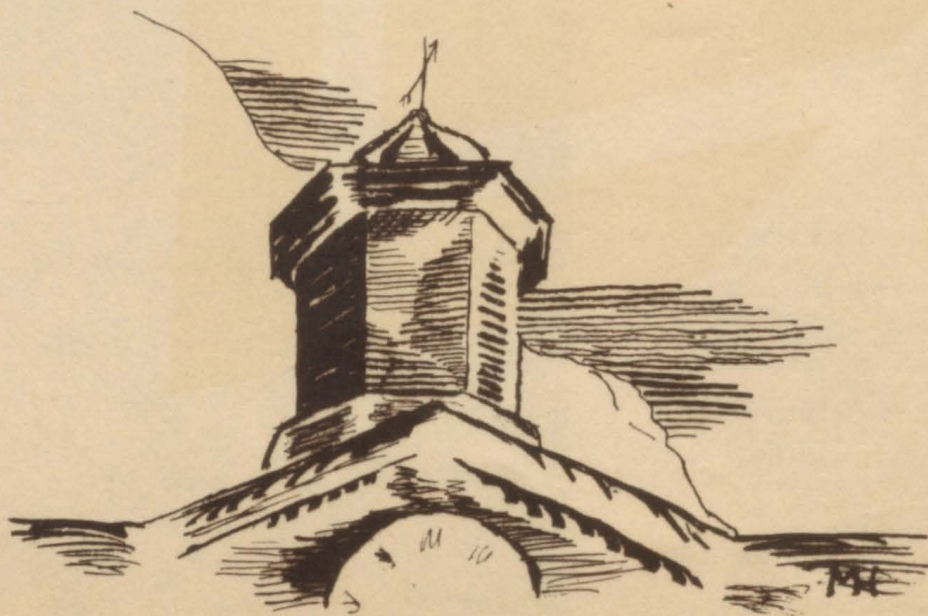

by MURIEL HAMILTON

Four rich full years we've studied here
The heritage of tested truth
That liberates the mind from fear
And challenges the strength of youth.

Honor more sacred far than life,
Our Alma Mater, thou has taught.
Nor dare we lose in war's fierce strife
Freedoms for which our fathers fought.

To think, to speak, to worship, work
As freemen still; This is our fight.
No task nor sacrifice we shirk
To keep undimmed the holy light.

Truth, Honor, Light—in other lands
Blacked out by ruthless tyrant foe
Shall shine again. We pledge our hands
And hearts to keep the torch aglow.

DRESS PARADE

CHARLES LORELLO
President

C.P. Mechanical Engineer
We couldn't do without you—
Everything depends on Charlie.

IRENE CRAWFORD
Vice President

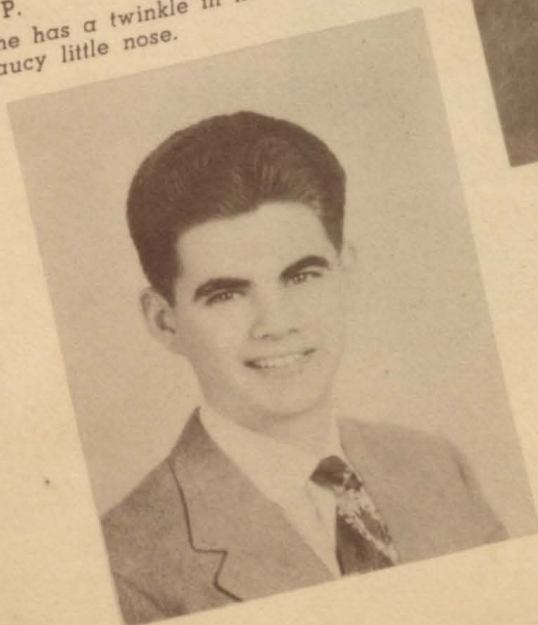

Business
C.P. Charming personality—and brains.

OFFICERS OF THE DAY

VIRGINIA SMITH
Secretary

C.P. Fashion Designer
She has a twinkle in her eye and a
saucy little nose.

LAWRENCE ZEGAS

Communique No. 1938-1942

Amid the frantic rush and hurry which accompanies our honorable discharge from Barringer, we, the army of June, '42, pause briefly to survey our past accomplishments and to rake up our shady past, for better or for worse.

It all began in September of 1938. Accompanied by a hurricane, we were ushered into the hallowed halls of Barringer, brief cases and all. In those days, we slept all morning, arriving at our posts at ten o'clock, and wending our weary way homeward in the gathering gloom at 4.30.

In beginning our Sophomore year in 1939, we abandoned some of our verdant Freshman fallacies, such as brief cases, and that absurd notion that teachers were human. This year we had to get up in the middle of the night in order to get to school before the trumpets of doom at 8.30. We then slaved until one with majors, loafing all afternoon with the minors. It was in this year that Mr. Michael McGreal assumed command of the armed forces of Barringer. Due to his efforts, that desert waste referred to as "the lawn" was transformed into a beautiful expanse of greensward. This accomplishment is only one of many improvements to be seen all over our noble edifice.

Some from our ranks joined the Acropolis staff to flower into prolific authors. Our Sophomore female contingent trampled over one another chasing those big, handsome athletes, who were Juniors and Seniors. During the winter, our chief divertissement was skating on the park lake in those afternoons after getting out of school by subtle and devious means.

Something new was added that June. We were herded into heavily guarded and patrolled rooms, given an ominous-looking little blue booklet, and told to go to it! This weird ritual is commonly referred to as final June exams; final in more ways than one. Much to everyone's surprise, we became Juniors next fall. It is believed that the introduction of exams gave rise to the current vitamin capsule craze in Barringer, as all that burned-up energy had to be replaced somehow, in teacher and pupil alike.

Our Junior year, in 1940, found us dumbfounded by a ghastly schedule of seven periods a day. This schedule had obviously been planned for camels or some such animal that could go for hours without food. In this year we were exposed to a disease called Second Year Algebra, from which it is hoped we will recover. As soon as we became Juniors we were favored with seats in the assembly where we could actually see the stage. Christmas came with a candlelight procession and carol singing. By this time we had learned the dire consequences of doing homework during assembly, and the nameless fate which awaited a class-cutter or non-doer of homework. Through the ages one dreadful sensation lingers and will not pass; that horrible feeling as the omnipotent one (teacher) demanded the non-existent homework.

Being steeped by now in the time-honored traditions of our ancient Alma Mater, we were genuinely stirred as the Seniors relinquished their assembly seats to the hopeful new tenants. Next year it would be our turn to prance bashfully down the aisle to those choice seats.

As the days grew longer and brighter we were stricken with a mysterious malady which banished the urge to do any work at all. Sirens seemed to beckon to us to "quit your books" and learn from old Ma Nature. Indeed, quite a few pupils succumbed to temptation, ending up trying to explain to "the office" that they didn't know that the lunch period was over until—etc.—etc.

In the sweltering June of that year we were again driven to those chambers of horror with the little blue booklets. We thought that the utmost had been reached last June, but we soon found that we were grossly mistaken. After this trial by fire, a safari was organized for a picnic at the Sunnyfield pool. Apparently such things as suntan lotion had been entirely forgotten, because the pilgrims returned on the last day of school resembling well-boiled lobsters.

In September of 1941, we began the final year in which we would grace and adorn the corridors of Barringer. The first excitement of the year was afforded in the formal organization of our class. As our advisers and rescuers in times of stress, we had wisely chosen Mrs. Furness and Mr. Lippe. With their assistance, an election was held for class officers in which our amazing ability to choose sensibly was shown again. The officers elected were: Charles Lorello—President; Irene Crawford—Vice President; Lawrence Zegas—Treasurer; and Claire Kennedy—Secretary, 4B; Virginia Smith—Secretary, 4A.

The elections were the opening guns of our highly successful Senior year. Next on the agenda, we bought class rings, and became the first class to have them while yet 4B's. Since then many girls have taken to hoarding rings, for some ulterior motive. This was followed by the Hallowe'en Hop, a really gay affair closely resembling an Oriental Bacchanale. The football season swirled into full swing in November, culminating in the Barringer-East Orange melee, which we won with a score of 13-13. That now-famous team of ours was the pride of Barringer, besides being city champions.

December seventh, the first day of war, sobered us quite a bit, with the air raid drills making the war a reality in Barringer. At our basketball game in January, our gallant class team was mysteriously beaten by that collection of antiques known as the Alumni. In order to amuse the huge crowds at this game, that faculty team of octogenarians was soundly beaten by a team of rosy-cheeked little Freshmen.

At last came the long-anticipated day when we, the class of June, '42, proudly took those coveted seats in assembly. In January a brilliant reception was held for the 4A's, with luxuriously engraved invitations. The girls were as lovely as visions in their long evening gowns. The boys were a vision, too, looking like something Edgar Allan Poe dreamed up in their borrowed tuxedos. Many of the revelers greeted their milkmen as they returned home.

Soon after that debaucherie, we went down to Hahne's and broke the cameras for our rogues' gallery in the yearbook. We were requested to choose the least horrible one for that purpose. In the meantime, our invincible basketball demons scored additional triumphs in the defeat of the 3A and 4B basketball teams.

To celebrate the advent of Spring, we gave a soiree, very aptly dubbed the Spring Fever Frolic. As this dance was informal, everyone let his hair down and had a gay and giddy time. The 4B's gave a splendid reception in our honor, for which the boys again got out their ancestral tuxedos. Senior Day, our last fling before graduation, was quite a success, the only casualties being a few broken fingernails. An exuberant holiday spirit was present throughout the day.

So, with definite symptoms of nostalgia, we walk down the main steps of the building, turning around for a last look. The old place seems to have taken on an ancient, time-honored air, or perhaps we never noticed it before. Thus ends one phase of our life, with a new, startling and exciting world welcoming us. Adieu, Barringer!

Order of the Day

Attention all first, second, and third class Barringerites! We, the Division of June 1942 in a final communique, make these dispositions of our worldly goods for the improvement of this beleaguered outpost. We are now to be relieved of our duties here to go on to higher and more difficult assignments. Since this is our last official act, we trust that our instructions will be carried out to the letter.

TO THE STUDENTS:

We leave one volume of "Sad Stories" by I. M. Late, a favorite author of the late Senior Class.

To Chemistry students we sympathetically donate a deodorizer for the laboratory.

To anyone who's thirsty, we leave all the water in the fountains that squirt in your face.

To all the short people we leave the low benches in the lunchroom, and to all the tall people we leave the low hooks in the cloakrooms.

To Latin students we leave a pony to ride the path of least resistance.

To Mathematics students we bequeath this ever-helpful formula:

$$11D^2 \sin x^3 + \sqrt{-32.0} = F$$

TO THE FACULTY:

We present one miniature bowling ball to "Champ" Pritchard.

To Miss Dow we bequeath the latest copy of "Superman."

To Miss Decker—Arthur Murray.

To Mr. Wood we leave an adding machine which will save him a lot of time and trouble.

To Miss Capen we give an autographed copy of that best seller "How to Win Friends and Indoctrinate Students."

To Miss Weiss we bequeath one electric eye to be placed on the rear door of her study hall to catch those sneaking out.

To Mr. Ammarell we leave five whole minutes of well-deserved relaxation—sans interruptions.

Mr. Celiano can have his pick of the speakers he's presented to us (but definitely).

Mr. Bruder inherits Wall Street. Let him do with it as he chooses.

To Mr. Haulenbeek we give a mounted Oriole.

To Miss Driscoll we leave an A-1 headache (the undergraduates).

To Mr. Zweibel we present one recording of La Conga to help promote Pan-American relations.

If only we were Santa Claus we'd leave a real live movie star under Miss Sterner's tree.

To Mr. Saylor we present an Orphan Annie pail and shovel to douse the incendiaries.

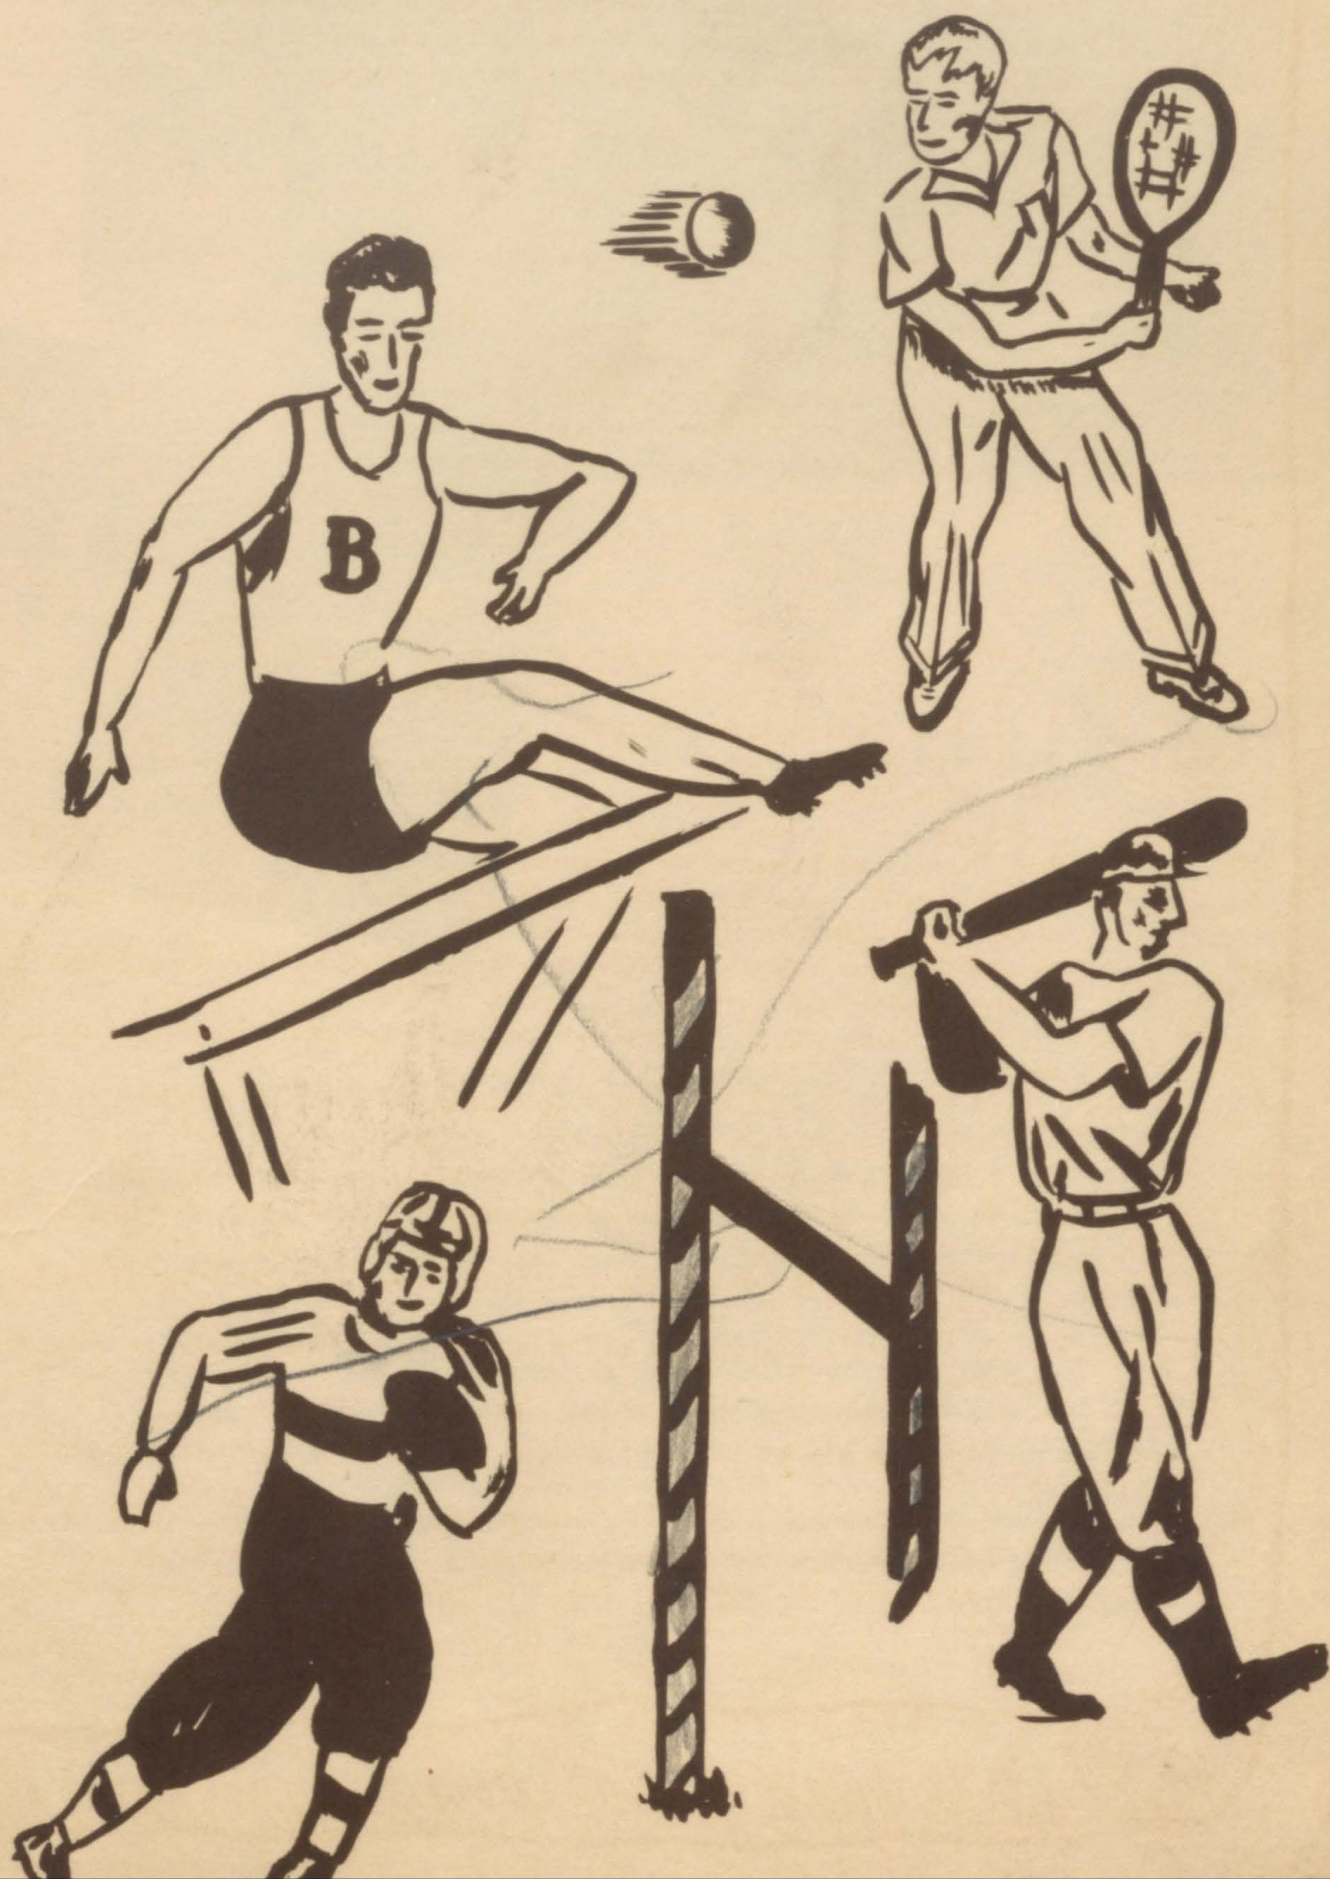

For Mrs. Blair—an Uncle Wiggley Paint Box.

To Mr. Dumm we bequeath a large bottle of Barringer Blossom perfume (HS).

To Miss Schneider we leave all the birds and flowers in Branch Brook Park.

To Mrs. Furness and Mr. Lippe we leave memories of many delightful (?) hours spent with their 4A class. They'll always rate "Tops" on our Hit Parade.

ATHLETICS

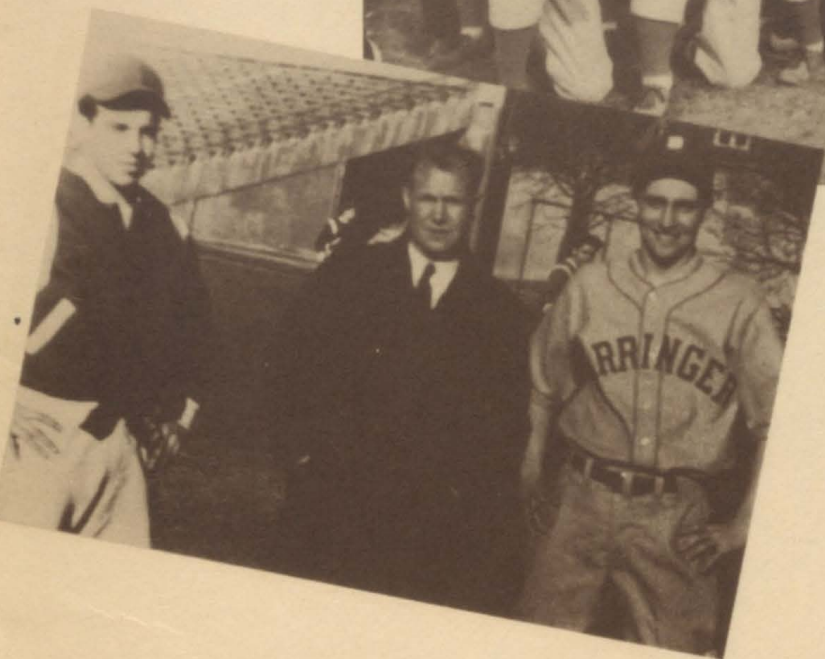

T R A C K

In the last four years, Barringer High's Track Team has built up a really enviable record. The team has established a virtual monopoly on the city crown by a winning streak of sixteen straight, with the end nowhere in sight. But this isn't all our boys have done, for in 1939, they won the State Championship as well as the Princeton, Montclair, Board of Education and City Meets.

Barringer's relay team is equally distinguished, being known throughout the Metropolitan Area for consistently fine performances. The team won the All-American Championship at Penn, also the State Title in 1940, 1941, and 1942.

We are justly proud of the laurels our teams have earned, and hope that squads in future years will live up to these lofty standards.

BASEBALL

The baseball teams of the Big Blue have long been a power in the state, but really came into prominence under the leadership of Coach "Charlie" Allen. Although hampered by poor playing facilities, the team's record was always eminently respectable.

Our first baseball season in Barringer saw our team battling for the city crown. The following year, we loomed as one of the powers in the state, with a baseball team comprised of many star athletes. In a thrilling finish, we were nosed out by West Side in a titanic struggle for the crown. In 1941, Coach Allen faced a problem. Graduation had left tremendous gaps in the infield and outfield, but he found many valuable recruits and began building for the 1942 season. Our last year in Barringer saw one of the best teams ever produced in Barringer under "Charlie" Allen. Many veterans returned and most of these veterans were of All-City caliber. The team finished the year with an exceptional record.

NATIONAL FENCING CHAMPIONS

An unbeatable fencing team is an old Barringer tradition. Although each graduation takes many of our star fencers and everyone is pessimistic about the next fencing season, the team always comes through in its accustomed style and creates new fencing stars.

During our four years here, the fencing team has won eighty-five consecutive dual meets without ever being defeated. Another tradition which the team has created, is the capturing of State Championships, which it has been doing regularly. However, the outstanding victories of the squad have been in the National Meets in New York City. It has won the National Championship twice in the last four years to retire with the Anthony J. Drexel-Biddle trophy.

A great deal of credit and gratitude is due Coach Cetrulo for his hard work and sound coaching. Although four members of the squad are graduating this June, we are confident that he will continue to turn out fencing teams that will be feared by all opponents.

Men in "B" attle

JOSEPH BITZ

Joseph "Buddy" Bitz won the first of his four letters as a sophomore. He showed his ability early by being runner up for the 880 title in both the city and Montclair meets. As a junior, his fine work on the relay team and in the half mile was cut short, due to a serious injury received during practice. At the start of the '42 season, Euddy was one of the mainstays of the track squad, with his versatile running in individual events and as anchor man on the State Half-Mile Relay. Buddy Bitz was also noted for his fine running on the cross country team and received his letter as a junior.

FRED BRUNO

Fred received his major letter as the manager of the baseball team. Players get the cheers, but the manager is the fellow who arranges the schedule games with other schools, prepares for the trips and the set-up of home games. He helps the coach with the problems of the players and is always the man behind the man behind the plate. Fred earned his "B" all right!

RICHARD CORDASCO

It was during his junior year that Richie first donned a Barringer uniform. His first season, he played second team wing back. This position, however, was filled and late in the season "Corky" switched to end. In his senior year, he displayed a hard-hitting punch and determination, and was awarded the well-earned varsity letter as a member of the city championship team.

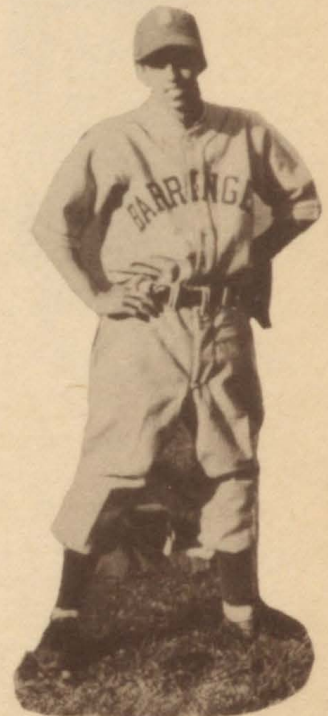

ANGELO D'ANDREA

"Lou" started running in 1940 by entering the city meet junior hurdles. Lady Luck wouldn't grant him his major then, for he tripped over the very last hurdle and was eliminated. He ran cross country in 1940 and just missed making the "Block" major. Because of an injury, "Lou" was not able to run the following year. However, he was elected manager and though unable to run himself, helped push Barringer on to the City Championship, earning his varsity letter.

ROY D'ALOIA

"Buck" started playing baseball in 1940 when he earned a position in the junior varsity. Buck was our utility infielder in 1941 and turned in a fine job. He was a regular in his senior year and his work around second base was outstanding. Upon his graduation the baseball team will miss a peppy infielder.

ROCCO DELL PRESTO

"Dell" is well known as an athlete to many. His hard work and natural ability earned him his major fencing letter in his sophomore year. In his junior year, he went out for baseball, receiving the experience and training which earned him his first team berth in the outfield this year. Among his other achievements, is a letter for cheer-leading and sprinting for the Big Blue track team.

GEORGE DE MARCO

George is another one of those fellows who waited until their junior year to go out for football. During this year, he played on the second team. When the next season started, with a year's experience under his belt, George's ability as a tackle immediately became apparent and at the end of the season he won his varsity letter. A shoulder injury almost kept him out for the season but De Marco, like all the rest of the team, showed what Barringer fellows are made of, and truly deserves his letter as a member of the city-championship team.

WILLIAM DUNNE

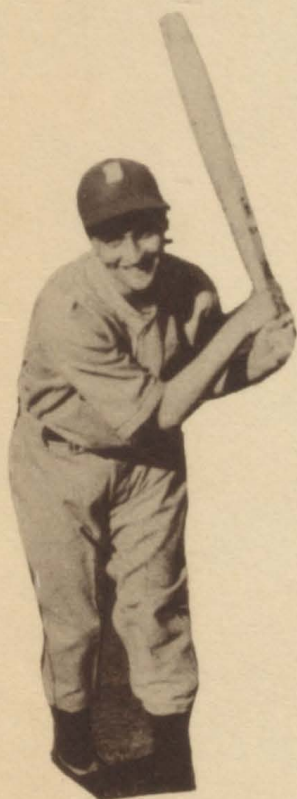

Bill went out for baseball in 1940 and won his varsity letter playing shortstop. In 1941 and 1942 he received major letters and was chosen for all-city and all-county teams in 1941. In 1942 he was Barringer's nominee for all-state honors. Because of these achievements, Bill was elected to be co-captain of the 1942 squad. He was also a star sprinter for the track team, placing third in the city 100-yard dash in 1941. He captained the basketball team in 4B and 4A and will be sorely missed by coaches and students alike.

JERRY FALCONE

Jerry is known to his competitors as "The Falcon." He has been appropriately named, for he is fast and sharp-eyed. He was elected captain of the team in 1941 and led his fencers to the national championship. He was the main factor in keeping the undefeated streak of our fencing team going. The Falcon is considered one of the finest scholastic fencers in the country. He is king of all the scholastic fencers in the state and his name will never be forgotten in Barringer's hall of fame.

WILLIAM FAZIOLI

Bill first served Barringer's football teams by playing fullback on the freshman team. When "Fizzy" moved up to try out for his Varsity letter he was moved to "pull-out" guard because of his blocking ability. Through hard work and untiring effort he gained his first major "B" as a junior. "Fizzy" came out for the team again in his senior year and received another varsity letter. He was known for his ability to play various positions and because of this fact he was a very valuable member of the team. A gold football was awarded to him for being on the city-championship team.

WILLIAM FOLTZER

William "Big Bill" Foltzer is the famous first baseman on our baseball team. Bill's superior work on the field can only be judged by seeing him play. At first base there is none better in New Jersey. His games are errorless, and he is one of the leading hitters on the team as well. "Big Bill" is our candidate for all-state first baseman.

FRED FOSTER

Fred earned his varsity letter as a junior in 1941. During his varsity track career, he was a member of the shuttle hurdle relay which set a new record at Ridgewood. In the City Championships, Fred came through for third and second places in the 110 high hurdles in his first two years. He is now looking forward to winning this title in 1942.

HUBERT GATES

During his stay at Barringer, "Flash" earned five major letters by participating in both track and cross-country. In 1942 he was elected co-captain of the track team which in 1941 had won the city championship. Gates won the 100-yard dash in the city meet and was to run in the state 440. Because of his fine running in 440, he was made captain of the cross-country team. He went through the season undefeated and was city champ, ending a perfect season. Gates is one of the finest runners to leave Barringer and will live forever in our Hall of Fame.

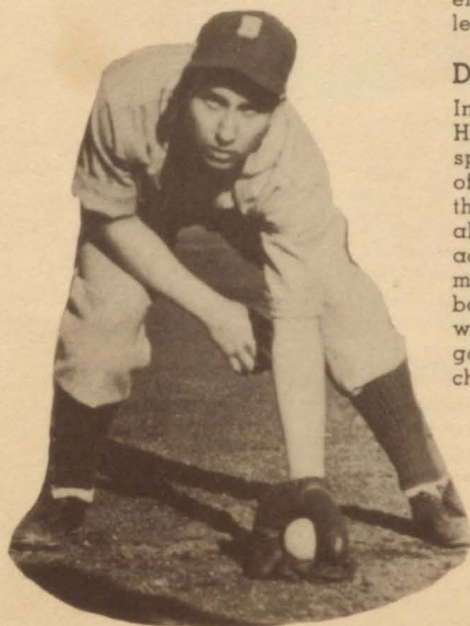

COLUMBUS KINSEY

Kinsey started running in his sophomore year but due to some bad breaks he did not quite make his major. Columbus was a mainstay on most of the relay teams and was exceedingly fast in the 220. In 1940, he ran cross country and just missed his letter again. In 1941, Columbus was out for the beginning of the season but later went to town and earned enough points to earn his letter.

DAN LATORRACA

In 1940 Dan first came out for baseball. His fielding ability enabled him to earn a spot on the Junior Varsity team. Because of the many veterans who were returning the following season, he was forced to play alternate to the first team. In 1942, with added experience and a decided improvement in batting, Dan took over the second base spot in fine fashion. His timely hits won many ball games and his all around good playing has always brought forth cheers for Danny Latorraca.

Men in "B" attle

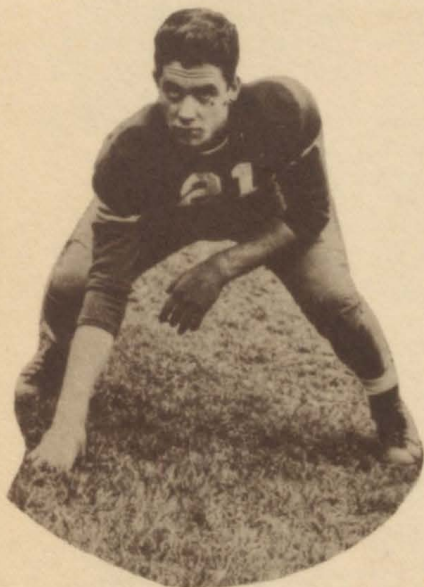

JULES MUSYL

"Big" Jule came out for football in his junior year. His size immediately won him a position on the squad. Because of lack of experience Musyl didn't receive his varsity letter. In his second year Jules was first team alternate and was of great value in pushing back the opposition. Playing well in every game, Musyl received his varsity letter and gold football as a member of the city championship team.

ALFONSE PARELLI

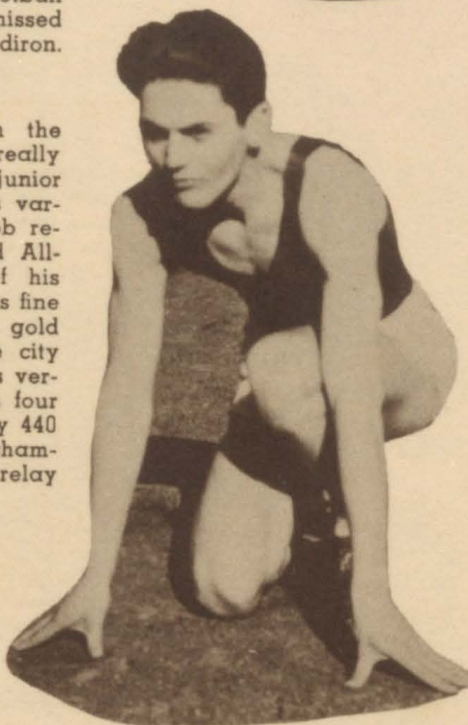

Alfonse "Slats" Parelli is one of Barringer's most versatile athletes. He won his major "B" in both baseball and football. Slats was catcher and outfielder on the Barringer nine and also one of the reasons we won the city football title. He was our tackle, and at this position made the all-city and all-state teams, getting honorable mention for all-state.

He received a gold football for being a member of the city football team. Slats' absence will be missed on the diamond and on the gridiron.

ROBERT POET

Bob earned his numerals on the "frosh" football squad, but really came into prominence in his junior year when he won a place as varsity end. In his senior year, Bob received All-City, All-County and All-State berths in recognition of his ability as a pass receiver and his fine defensive work. He holds the gold football for membership on the city championship football team. This versatile athlete earned two of his four letters for track. He won the city 440 title, and was a member of the championship mile and half-mile relay teams.

JACK PRELL

In 1939 Jack won the first of his seven varsity letters, one of which is the wreath "B." In his junior year he won the city and state half-mile relays. In the same year, he was captain of the cross-country team. He received the gold track shoe for being the first Blue harrier to cross the finish line in the state championships. In his senior year he was elected captain of the track team for the 1942 season.

ROBERT LITTELL

Bob won his varsity letters on the cross-country squad. In his junior year, he was noted for his steady team work and was awarded the first of his major letters.

In 1941, Bob was one of the first five men on the team and received a gold shoe for his valuable points, which helped us to win the city meet.

He was also a distance winner on the track team and will be greatly missed next season for he was a steady team winner.

GENE RACIOPPI

Gene started his career at B.H.S. in 1940 when he first donned a Big Blue uniform. That year Gene showed great promise of moving into varsity competition in 1941. In his junior year, he did not quite make the first team but was alternate at shortstop and third base. As a senior, however, he determined to make the first team and did. Because of his exceptional fielding ability, Racioppi was chosen by Coach Allen as first string third baseman and received his Major B.

ORLANDO SALVATO

Orlando "Sal" Salvato is our proud member of the famous fencers of Barringer. Working hard and faithfully for two years, he was justly rewarded for his efforts by being one of the mainstays of the fencing team. Sal has faced the best fencers in the country and made a great name for himself. He will be placed with the immortal foilsmen when he leaves.

Sal was also a prominent member of the track team. He was one of our senior pole vaulters who helped us win the City Championship.

LEON TEDESCHI

"Lee's" value to the fencing team has been proven by the frequent victories he has gained for Barringer. His brother, to whom he has taught the fine points of foil handling, remains to uphold his splendid record.

men in "B" attle

FRANK TIRICO

"Buddy" went out for pole vaulting in his sophomore year. Because of his natural ability it seemed sure that he would take a place in the city meet. Although hampered by a spike injury, Bud came through with a third place. The following year he proved his ability by being crowned Junior City Champion in the pole vault. For his fine work he received his major letter.

We also remember him for his contribution at the football games as head cheerleader for which he received the cheerleader's major "B."

"B" GIRLS "SPORTS FOR LADIES"

 PRESENTING

Wisdom Is Everlasting

One of the most sage observations of all time was voiced centuries ago by an ancient sage whose identity has been lost with the passing of time. "Seize what is highest," he reasoned, "and you will possess what is in between."

True now, as it was then. Those individuals who determine to fully meet their responsibilities succeed better than those who stop at lesser goals.

It seldom is difficult to convince such leaders that life insurance is one of the great necessities.

ACTION

is today's **WATCHWORD**

We are rallying our military forces to carry the war to the enemy.

Printing and all its allied arts in a similar manner are being mustered to carry America's message of hope to all the world.

The printed word is as effective on the home front as bullets on the war front.

Our plant, registered for national defense, is equipped and staffed to serve all your printing needs with the spirit of the times—to produce *ACTION*, the need of today.

LET'S GO AMERICA!
